

MC312 power amplifier

- Prepare yourself for years and years of musical enjoyment with the 300 Watts per channel MC312 Power Amplifier.
- The full 300 Watts is available to any speaker regardless if it has 2, 4 or 8 Ohm impedance thanks to unique McIntosh Autoformer™ technology.
- Doubling of filter capacity has led to an impressive 27% increase in dynamic headroom compared to the previous model it replaces.
- New direct LED backlighting on black glass front panel improves appearance and color accuracy.
- Other updates include heavier gauge internal wiring, upgraded circuit components, addition of balanced and unbalanced outputs, addition of our eco-friendly power management system, and updated industrial design features.
- Full of numerous McIntosh technologies including Power Guard®, Sentry Monitor™, McIntosh Monogrammed Heatsinks™, patented Solid Cinch™ speaker binding posts and Power Control.
- Sits atop a beautiful polished stainless steel chassis and is completed with a pair of fast responding blue Watt meters, control knobs, illuminated logo and aluminum end caps.
